International Angler & Redbone@Large

Benefitting the Cystic Fibrosis Foundation

Saturday April 30 and Sunday May 1, 2011 Yellow Creek in Indiana, PA

Some of the finest trout fishing
 in Western Pennsylvania!

Dear Anglers,

As part of the Redbone@Large Tournament Series, **Range Resources and International Angler** is delighted to invite you to the Annual Yellow Creek Fly Fishing Classic, benefiting the Cystic Fibrosis Foundation.

This year's event will be hosted by the Yellow Creek Trout Club, located just south of Indiana, PA in Brush Valley. With over three miles of well maintained water, Yellow Creek offers deep pools and fast riffles making it the perfect place to hold large hungry trout.

We invite you to join us as a competitor in the sport you love, worthy of a cause. The competition will include total inches caught with awards for first, second, and third place teams; overall women's and men's winners; largest rainbow, and largest brown caught; and lunker.

Live and silent auctions will feature some unique fishing adventure packages and other great items.

Range Resources is partnering with Redbone Celebrity Tournament Series, which hosts over 30 fishing competitions throughout the country, this being one of the premier freshwater venues.

We look forward to hosting your team while supporting a wonderful cause. See you there!

Each team will be accompanied by a guide/judge and will fish a total of 12 hours over the 2 day period. Team members will bring fish to the guide for measuring and recording. Once the fish are declared and scored (per 4 hour session), fishing for the team must stop and the score sheets submitted by the guide to the official scorekeeper.

WILL YOU NEED ACCOMMODATION INFORMATION: Y N

Thank You!!!!

"Because of risks to people with cystic fibrosis (CF), individuals with a confirmed positive sputum culture for Burkholderia cepacia complex shall not attend this event. This is because B. cepacia can be passed between individuals who have CF through close proximity. B. cepacia infection in a person with CF can cause serious respiratory illness and, in some patients, may lead to death. Despite this policy, there might still be some individuals with B. cepacia in attendance. B. cepacia is not a risk for otherwise healthy individuals. For alternative ways to participate and for information about this policy, please contact the CF Foundation at (800) FIGHT-CF or visit our Web site at www.cff.org. Consult your CF care center physician with medical questions."
